A woman with her hair in a bun, wearing a pink shirt, is sitting on a bed reading a book. She is positioned in front of a large, arched window with a white frame. The window is open, and bright sunlight is streaming in, creating a warm and cozy atmosphere. A white radiator is visible below the window. The room has dark blue walls and a dark curtain to the right. A pair of glasses is on the bed near the woman's feet.

CORKDESIGN

**CORKDESIGN** is a registered Portuguese brand, market leader, integrated in a business group that has been working for over 30 years in the production of cork items.

It was born from the initiative of using an ecological material and genuinely Portuguese, to create an original design line that would offer the consumer products in cork fabric, combining functionality, durability and originality.

**CORKDESIGN** stands out for being the first and only national brand that works in the manufacture of 100% Portuguese cork fabric.

Applied in wallets, bags, clothing, shoes, accessories, among others, **CORKDESIGN** has several lines adapted to any occasion and style. It also offers the consumer a line of cork paper – a ‘revival’ trend in interior decoration.
